Kicker Contest Saturday, Oct. 10

Punt–Pass–Kick Sign-Up Begins At Grinels Motors

Appomattox area grade and junior high school boys from eight through 13 can pit their football skills against thousands of other boys throughout the nation in the fourth annual Punt, Pas & Kick competition which will culminate with a trip to Washington, D.C. and to an appearance at a National Football League championship game for the top winners.

Sponsored nationally by the Ford Dealers of America and the National Football League, the Punt, Pass & Kick competition — or PP & K — will be staged in Appomattox by Grinels Motor Company with Jaycees as local co-sponsor.

Appomattox boys will be tested for their ability to punt, pass and place-kick on the same day as thousands of other boys all over the country. For 8-, 9, and 10-year-olds, warm-up jackets, place - kicker outfit and autographed footballs will be given as first, second and third prizes for each age group. Boys, 11, 12, and 13 will receive gold, silver, and bronze trophies. There will be 18 prizes in all. Scores throughout the country then will be compared to determine the six top winners in each of the 362 Ford zones—a total of 2,172 zone winners.

Zone winners will meet in 37 Ford District competitions at which 222 District Champions will win trophies. The 222 runners-up also will receive trophies. From these District champions, the best 168 scores will be selected, 12 to represent each of the 14 NFL game areas, and declare Area winners.

Area winners, their fathers and mothers will attend a National Football League game in their area to compete for Division championsionships — the six top eastern NFL division winners and the six top western division winners. These 12 finalists, accompanied by their parents, will go on a "Tour of Champions" to Washington, D.C. They then will travel to the site of an NFL championship game, for half-time competition to determine the six National PP&K champions.

John S. Grinels pointed out that the competition involves no body contact, there is no charge for entering and no special equipment is needed. "Registration will be oven from September 1 through October 9," he said, "with Grinels Motor Company as registration headquarters.

"In 1963, PP&K's third year, nearly 500,000 boys entered the competition," he said, "and received a presidential commendation that said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage'."

Mr. Grinels said entrants will be judged on distance and accuracy of their punting, passing and kicking. Points will be awarded for each foot of distance the ball travels on the fly, and points will be subtracted for each foot the ball lands to the right or left of a center line. The Appomatto competition will be held at Appomattox High School on Saturday, October 10.

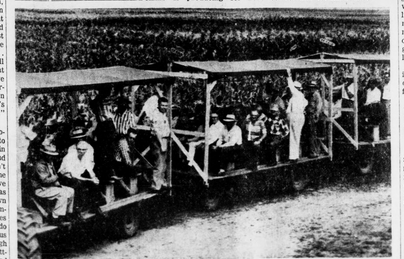
Any tie scores will be played off on the day of competition. Ties for top spot in the Zone and District standings also will be played off during special contests. District winners will receive trophies. Area winners vie only for the honor of competing in the National PP&K event. The six national winners receive handsome PP&K championship trophies. The six receive national runner-up trophies. All 12 go on the "Tour of Champions."

Dealer Attends Corn Growing Demonstration In Illinois

R. G. Holt, of Appomattox Farmers Supply Co., DeKalb Dealer from Appomattox, Va., recently attended a training session at the DeKalb research and demonstration plots near DeKalb Illinois. More than 600 farmers and dealers from Illinois, Wisconsin, Indiana, Michigan, Pennsylvania, New York, Virginia, West Virginia and Maryland visited the research location the first week in September.

Of special interest to dealers was the new short corn hybrids DeKalb is producing for next year. XL-45, a short single cross, which has been available for two years, is being joined by XL-35, an early 3-way cross and XL-65, a later single cross.

Researchers point out that modern hybrids and cultural practices are replacing older corn growing standards such as: Knee high by the Fourth of July and a dry June makes a good corn crop. New standards may be: Head high at maturity and a wet spring for best chemical control and fertilizer use.



R. G. Holt, (Appomattox Farmers Supply Co.) was among the DeKalb dealers attending field days near DeKalb, Illinois. Dealers were pulled through the large research nursery on the wagon train shown above.

Citizens Meet Tonight At Legion Bldg.

Much interest has been exhibited lately in the forthcoming national election. It has been the expression of many responsible citizens of Appomattox County tha: the candidates being offered particularly on the national level by the predominate Democratic party, do not represent the best interest of the majority of the people of Appomattox County.

Recognizing the need for action on the local level to do all in our power to elect those candidates who believe in the rights and dignity of the individual and in the preservation of constitutional government, plans have been made to organize an effective group to work in the weeks ahead towards electing those candidates who will best represent them on the national level. An organizational meeting is planned for Thursday night at 8:00 in the American Legion Building in which it is hoped that a representative group of citizens from Appomattox County will attend and express their views and to do what is necessary to organize this group to promote the candidates who best represent the interest of the people.

The public will be kept informed through the press and other means at our disposal as to progress being made and as to how they can lend their support which will be so greatly needed.

Deadline Set October 3

Citizens all over the state are being urged to register in order to vote in the November elections. Appomattox County is no exception. In club meetings this week community leaders have been urging citizens to register before the October 3 deadline. Under recent changes in the electoral laws in Virginia everyone who is registered may vote in a federal election. To register, one must be twenty-one years of age on or before November 3rd, 1964.

In this Congressional District (The Fourth), voters will be casting their ballot for Presidents, United States Senator and member of the House of Representatives.

He was elected chairman of the State Central Committee of the Democratic party earlier this year. He served as delegate-at-large at the national Democratic convention in July.

He is opposed by S. W. Tucker, NAACP attorney. Tucker, a Negro who has been active in the civil rights struggle in Virginia will run as an independent in the November general election.

In certain areas of the district it is reported that more people are registering now than ever before. In one county 500 people have registered in the last thirty days. It is further reported by the Associated Press that the NAACP and other groups are making an all-out drive to get their members registered so as to have an influence on the outcome of the election this fall.

Year-6 Mon. - 30 Days

In addition, the person must have resided in Virginia for one year — in this county for six months — and in the precinct where he desires to register, at least 30 days.

One Voter's Record

One interested lady of this county has been conducting her own campaign in this direction. So far, at least six voters have registered because of her efforts.
